

Additional Conference Registration Information

The March 15th registration deadline in the original registration announcement was to insure a room at the Holiday Inn although they will continue to accept reservations until they are full.

As we must turn in meal counts on Monday, April 11th, 4 days before the conference we cannot guarantee being able to add on meals especially full availability of all entrée choices for the banquet after that date so we urge anyone still interested in registering with meals included to make sure we have your registration before April 11th.
